Bike / MetroLink Interchange

Bicyclists under the age of 13 must be accompanied by an adult. Enter the train at the rear door of the first train car or the front or rear door of the second train car. Two bikes are permitted in each area. If the area is full, please move to another area or wait for the next train. Visit www.metrostlouis.org or call 314-982-1400 for more information.

- Lower Traffic Street - Recommended for Beginner Riders
- Recommended for Experienced Riders
- Business District (Restaurants and Shops)
- MetroBus Route
- MetroLink Route / Stop
- Grocery / Pharmacy
- Civic Institution
- Restaurant
- Fitness / Recreation
- School

Funding for this project was provided in part by The Missouri Foundation for Health. The Missouri Foundation for Health is a philanthropic organization whose vision is to improve the health of the people in the communities it serves.

The map shows routes for Beginner Riders and Experienced Riders. The Beginner routes are generally on lower-traffic streets with slower vehicles. The Experienced routes are typically higher traffic, but may include bike lanes. In addition to the large scale neighborhood map, smaller maps with routes to downtown and midtown are included on the back.

This map was developed by Trailnet in partnership with the Tower Grove neighborhoods to help residents and visitors get to and from destinations in the neighborhood by bicycle or bus.

- Bicyclists should ride on the road, where they have the **same rights, rules, and responsibilities** as drivers of other vehicles.
- Bicyclists are **not allowed on sidewalks** in business districts.
- Bicyclists must **ride in the same direction as traffic**.
- Bicyclists should **keep as far right as is safe** to travel, except when turning left, avoiding hazard and debris, or when the road is too narrow to safely share with a vehicle and the bicyclist takes the lane.
- Signal all turns to drivers, pedestrians and other bicyclists.** When turning left, signal and move to the center of the traffic lane before the intersection, and signal again at the left turn. Use your right hand to signal a right turn.
- Be predictable.** Travel in a straight line. Do not weave except to pass other vehicles or avoid road surface hazards. Ride far away enough from parked cars to avoid opening car doors.
- Wear a helmet.**
- When passing bicyclists or pedestrians, **make sure they hear you first.** Use a bell, horn, or your voice to make them aware ahead of time.
- When bicycling in dusk and dark, **always use a white headlight and a red rear light.**
- Bicyclists **may ride side by side if not impeding faster traffic.** Ride single file when cars are trying to pass.
