

MISSOURI TRAFFIC CALMING LENDING LIBRARIES

The Planners4Health grant funded the creation of three traffic calming lending libraries across the state. These libraries are located in each of the APA Missouri Sections and contain different materials in each of the libraries.

Materials are available to members and communities as outlined below:

- Materials Lending Only: no fee; \$100 recommended deposit, which may be waived for financial hardship. The deposit allows for the replacement of any lost or stolen materials.
- Materials and Person Power: services provided for a fee. Fee structure will be based on which organization and lending library is being used.

The three APA Missouri lending libraries are housed with Trailnet in St. Louis, Better Block/Bike WalkKC in Kansas City, and the Center for Resource Planning and Management in Springfield. For questions, feel free to contact the appropriate organization. Contact information for each organization is provided below.

INTERESTED IN HOSTING A TRAFFIC CALMING DEMONSTRATION?

Complete the Lending Library Request Form at missouri.planning.org and the appropriate contact person will be in touch!
